Dear Mr. Cotner:

Field compliance inspections have been conducted for your mining notice UTU-70590. Based on these inspections, we have determined that any surface disturbance, which may have occurred as a result of your mining operations, has been satisfactorily reclaimed. This notice case file is closed.

If you plan any new mining related activity which will cause surface disturbance in the Henry Mountain Resource Area you must notify this office at least 15 days prior to such activity.

Thank you for submitting your notice and for your support in proper management of the public lands. If we may be of assistance to you, please let us know.

Sincerely,

Dave Henderson
Area Manager
